Authors, Titles, and Subjects in the *Marine Fisheries Review* 61(1–4), 1999

A

Agassiz, Alexander, 4:3, 74, 75, 82
  personal history, 4:58–59
  Steamer *Albatross*, 4:5
    1891 Pacific survey, 4:59–60, 62
  Steamer *Blake*
    1877 to 1880 cruises, 4:3, 59
"Agassiz, Garman, *Albatross*, and the collection of deep-sea fishes," by Adam P. Summers, Karsten E. Hartel, and Thomas J. Koob, 4:58–68
Agassiz, Louis, 4:69, 71
  Museum of Comparative Zoology, Harvard, 4:58, 60
Albatross, Steamer
  1880
    Baird's request to Congress, 4:1, 3–4
    six major contributions to the nation, 4:4–5
  1881
    budget and bids, 4:3–5
  1882
    building, 4:5
    commissioning, 4:5
    crew, 4:5
    laboratories, 4:6
    specifications, 4:5–6
  1882, December–1883 March
    trial run, 4:5
    first dredging station, 4:6
    first sampling, 4:72
  1883, April, first regular cruise
    pelagic species migration study, 4:6,8
    tilefish study, 4:8
  1883, summer
    deepest Atlantic dredging station, 4:9
    Woods Hole base, 4:8–10
  1884, winter–spring
    U.S. Navy Caribbean Sea hydrographic surveys, 4:10–11
  1884, summer–fall
    boiler problems, 4:13
    Woods Hole, 4:11
  1885, winter
    Caribbean Sea cruise, 4:13
    International Exposition, 4:13
  1885, summer
    Grand Banks, 4:14
    tilefish, 4:14
    Woods Hole, 4:14
  1885, fall
    pelagic species migration, 4:15
    Gulf Stream region, 4:14–15
  1886, winter
    U.S. Navy and Fish Commission, Bahamas, 4:15
  1886, summer–fall
    Continental Shelf, 4:15–16
    Gulf Stream Slope, 4:15
    New England, 4:15
    Newfoundland, 4:15
    Nova Scotia, 4:15
  1887
    repairs, 4:16–17
  1887, November–1888 May
    cruise to Pacific, 4:17
  1889, Santa Barbara Channel cruise
    biological sampling, 4:24
    Cortez Bank, 4:23
    San Nicholas Island, 4:24
    Santa Rosa Island, 4:22
    Tanner Bank mapping, 4:24
  1891, California to the Galapagos cruises
    Agassiz, Alexander, 4:62
    Blake, John Henry, 4:62
    Garman, Samuel, 4:62
    illustrations, 4:63
    Museum of Comparative Zoology, Harvard, 4:62
    planktonic copepods, 4:74, 75
    specimen preservation methods, 4:62
    Townsend, Charles, 4:62
    trawl wings, 4:73
    Westergren, Andreas Magnus, 4:62
  1894, San Diego Bay cruise, 4:24
  1896, San Diego Bay cruise, 4:25
  1897, Santa Catalina Island and Santa Barbara Channel, 4:25
  1898, San Diego Bay cruise, 4:25
  1903, San Diego Bay cruise, 4:27
  1907–10, Philippine Expedition
    Andrews, Roy Chapman, 4:35–38, 40
    Barrows, Albert L., 4:34–35
    Bartsch, Paul, 4:32, 34, 40
    catch preparation and preservation, 4:34
    Chamberlain, Frederick M., 4:32, 44
    collecting equipment, 4:33–34
    cruises, 4:33–37
    Fassett, H. C., 4:32
    fish collections, 4:38
    illustration attribution, 4:55–56
    Ito, Kumataro, 4:43–56
    Radcliffe, Lewis, 4:32, 34, 38, 46
    repairs, 4:34–35, 38
    Seale, Alvin, 4:34–35
    shore collecting, 4:34
    Smith, Hugh McCormick, 4:32, 34, 38, 40, 43, 44, 45, 46
    tag registers, 4:55
    Wells, Clarence M., 4:32
    Yasui, I., 4:51, 55–56
  1915–16, tuna population studies southern California, 4:27–29
  1920, final scientific cruise, 4:82
  1921, decommissioned, 4:17
Alexander, A. B.
  onboard the *Albatross* off southern California, 4:23
Allard, Dean C., "The origins and early history of the steamer *Albatross*, 1880–1887," 4:1–21
Alosa sapidissima–see Shad, American
Andrews, Roy Chapman
  Albatross Philippine Expedition, 4:35–38, 40
  Atlantic menhaden study, 4:73
  copepod studies, 4:69–84
    sampling gear, 4:78
Aquaculture
  lobster
    culture methods, 2:13–17
    full grow-out, 2:42–45
    hatcheries, 2:17–20
    product enhancement, 2:41–42
    resource enhancement, 2:28–41
    transplantation programs, 2:45–46
Asterias forbesi–see Starfish
Australia
  Queensland east coast prawn trawl fishery, 3:48

B

Bache, 4:69, 71
Baird, Spencer Fullerton, 4:17, 69, 71, 72
  Albatross
    request to Congress, 4:1–2, 3–5
  U.S. Commission of Fish and Fisheries
  early surveys, 4:1
  establishment, 4:1
Baird, George W., 4:13, 16
Balaena glacialis–see Whale, right

Balaena mysticetus–see Whale, bowhead
Balaenoptera borealis–see Whale, sei
Balaenoptera musculus intermedia–see Whale, true blue
Balaenoptera physalus–see Whale, fin
Balaenoptera musculus brevicauda–see Whale, pygmy blue
Balaenoptera musculus musculus–see Whale, blue
Barbour, Thomas
  Museum of Comparative Zoology, Harvard, 4:62
Barrows, Albert L.
  Albatross Philippine Expedition, 4:34–35
Bartsch, Paul
  Albatross Philippine Expedition, 4:32, 34, 40
Bean. Barton A.
  Albatross Philippine Expedition
    fish collection, 4:39–40
  National Museum Assistant Curator of Fishes, 4:49, 51
Bean, Tarleton H., 4:12
Benedict, James E., 4:9, 73
Bigelow, Henry Bryant
  copepod studies, 4:82
  personal history, 4:82
Blake, 4:3, 12, 69
  Agassiz cruises, 4:59, 60
Blake, John Henry
  1891 *Albatross* expedition, 4:62
Bluefish
  migration
    first mission of the *Albatross*, 4:6
Breiwick, Jeffrey M.–see Reeves et al.
Brevoortia tyrannus–see Menhaden, Atlantic
Brooks, William Keith, 4:20
Brusher, John H.–see Carlson and Brusher
Bycatch
  Australian prawn-trawl, 3:46–55
  red king crab, 2:72
Bycatch reduction device (BRD)
  Australian prawn-trawl fishery, 3:47–54

C

Caretta caretta–see Turtle, loggerhead
Campbell, J. B., and J. G. McGilvray, "Reducing prawn-trawl bycatch in Australia: an overview and example from Queensland," 3:46–55
Carlson, John K., and John H. Brusher, "An index of abundance for coastal species of juvenile sharks from the northeast Gulf of Mexico," 3:37–45
Carnegie, 4:78
Catch
  historical
    blue whale, 1:41
    fin whale, 1:47
    humpback whale, 1:31
    right whale, 1:19; 3:1–36
    sei whale, 1:55
    sperm whale, 1:64
"A century of copepods: the U.S. Fisheries steamer *Albatross*," by David M. Damkaer, 4:69–84
Challenger, 4:3, 12, 19, 20, 74, 78
Chamberlain, Frederick M.
  Albatross Philippine Expedition, 4:32
Chelonia mydas–see Turtle, green
Collins, Joseph W., 4:14
Copeland, Charles W., 4:3, 5
Copepods
  Albatross studies, 4:69–83
Cowen, Robert, 4:18
Crab, red king
  bottom trawl footrope injuries, 2:72–76
"Cruises of the *Albatross* off San Diego and other parts of southern California, 1889–1916," by John R. Moring, 4:22–30

D–E

Damkaer, David M., "A century of copepods: the U.S. Fisheries steamer *Albatross*," 4:69–84
"A decline in starfish, *Asterias forbesi*, abundance and a concurrent increase in northern quahog, *Mercenaria mercenaria*, abundance and landings in the northeastern United States," by Clyde L. MacKenzie, Jr., and Robert Pikanowski, 1:66–71
DeMaster, Douglas P.–see Perry et al.
Economics
  homarid lobster, 2:22
  Panamanian pearl oyster fishery, 2:62, 64
Endangered Species Act
  whale classification status
    blue, 43
    fin, 1:50–51
    humpback, 1:36–37
    right, 1:22–23
    sei, 1:57–58
    sperm, 1:67
Eschrichtius robustus–see Whale, gray
Esterly, Calvin Olin
  copepod studies, 4:79
  personal history, 4:79
Eubalaena glacialis glacialis–see Whale, right

F

Fassett, H. C.
  Albatross Philippine Expedition, 4:32
Fish Hawk, 4:3, 5, 19, 71, 73, 82
Fish Commission–see U.S. Commission of Fish and Fisheries
Fish, Charles, 4:82
Fisheries, commercial
  quahog harvesting Raritan Bay, 2:67–68
Fisheries history
  dredging stations, 4:19
  lobster, 2:2–57
  Panamanian pearl oyster harvest, 2:61–63
  right whale
    shore whaling catch history, 3:1–36
  Steamer *Albatross*, 4:1–82
  whale exploitation patterns
    blue, 1:41–42

Papers in the *Marine Fisheries Review* 61(1-4), 1999

61(1)

"The great whales: history and status of six species listed as endangered under the U.S. Endangered Species Act of 1973," by Simona L. Perry, Douglas P. DeMaster, and Gregory K. Silber, 1:1–74

61(2)

"Homarid lobster hatcheries: their history and role in research, management, and aquaculture," by Frank Nicosia and Kari Lavalli, 2:1–57

"A history of the pearl oyster fishery in the Archipelago de las Perlas, Panama," by Clyde L. MacKenzie, Jr., 2:58–65

"A decline in starfish, *Asterias forbesi*, abundance and a concurrent increase in northern quahog, *Mercenaria mercenaria*, abundance and landings in the northeastern United States," by Clyde L. MacKenzie, Jr., and Robert Pikanowski, 1:66–71

"Injury rates of red king crab, *Paralithodes camtschaticus*, passing under bottom-trawl footropes," by Craig S. Rose, 2:72–76

61(3)

"History of whaling and estimated kill of right whales, *Balaena glacialis*, in the northeastern United States, 1620–1924," by Randall R. Reeves, Jeffrey M. Breiwick, and Edward D. Mitchell, 3:1–36

"An index of abundance for coastal species of juvenile sharks from the northeast Gulf of Mexico," by John K. Carlson and John H. Brusher, 3:37–45

"Reducing prawn-trawl bycatch in Australia: an overview and example from Queensland," by J. B. Robins, M. J. Campbell, and J. G. McGilvray, 3:46–55

"Problems with unofficial and inaccurate geographical names in the fisheries literature," by William J. Richards, 3:56–57

61(4)

"The origins and early history of the steamer *Albatross*, 1880–1887," by Dean C. Allard, 4:1–21

"Cruises of the *Albatross* off San Diego and other parts of southern California, 1889–1916," by John R. Moring, 4:22–30

"The great *Albatross* Philippine expedition and its fishes," by David G. Smith and Jeffrey T. Williams, 4:31–41

"Kumataro Ito, Japanese artist on board the U.S. Bureau of Fisheries steamer *Albatross* during the Philippine expedition, 1907–1910," by Victor G. Springer, 4:42–57

"Agassiz, Garman, *Albatross*, and the collection of deep-sea fishes," by Adam P. Summers, Karsten E. Hartel, and Thomas J. Koob, 4:58–68

"A century of copepods: the U.S. Fisheries steamer *Albatross*," by David M. Damkaer, 4:69–84
